Website: [www.trinitytreellc.com](http://www.trinitytreellc.com)

At Trinity Tree LLC, we understand that tree work is an important investment in your property. Our licensed and experienced team is committed to delivering high-quality results while prioritizing safety, professionalism, and clear communication throughout the process.

Thank you for the opportunity to provide this proposal. Please review the details below, and feel free to reach out with any questions or to discuss next steps.

We will provide comprehensive tree maintenance along the neighborhood boulevard, including a combination of structural pruning, selective removals, and stump grinding as outlined in the individual line items.

Work will focus on improving overall tree health, restoring proper structure, gaining necessary clearance, and enhancing the uniform appearance of the streetscape. Removals will be performed where trees are no longer suitable for the space, followed by stump grinding to eliminate remaining material below grade.

All services will be completed using professional, controlled methods with attention to protecting surrounding turf, roadways, and adjacent property. A thorough cleanup will be performed throughout the project, leaving the boulevard clean, safe, and well-presented.

This scope is designed to improve both the safety and visual consistency of the neighborhood while supporting long-term tree health and manageability.

Product/Service	Description	Qty.	Unit Price	Total
Tree Removal	<p>Complete Tree Removal (2) &amp; Stump Grinding:</p> <p>Perform complete removal of tree using controlled, professional methods to ensure safe and efficient dismantling while protecting surrounding structures and landscape. All material will be removed from the property, with careful attention given to protecting the yard throughout the process.</p> <p>Stump grinding is included and will be performed approximately 6 to 8 inches below grade, helping eliminate remaining material and improve the overall finish of the area.</p> <p>A thorough cleanup will be completed, leaving the property clean, open, and ready for future use.</p>	1	\$900.00	\$900.00
Tree Pruning	<p>Structural Pruning   Canopy Balance &amp; Long-Term Health:</p> <p>Perform structural pruning to improve overall tree structure, balance, and long-term health. Scope includes selective reduction and removal cuts to address overextended limbs, reduce end weight, and improve the relationship between major branches. Work will focus on creating a more uniform, stable canopy while maintaining the natural form of the tree.</p> <p>Interior cleaning will be performed as needed to improve airflow and light penetration, helping support healthier growth moving forward.</p> <p>This service is designed to reduce the likelihood of failure while improving both appearance and function within the landscape.</p> <p>All debris will be hauled away, and the property will be left clean and well-presented.</p>	1	\$450.00	\$450.00

met lace19

Great job by Scott and his team! Fast to quote a price and there first thing the very next day. Did a great job!!

JIM BURAS

Positive experience, showed up on time and performed job as agreed upon. The crew was great, polite, efficient and did good with cleanup. The job was done safely in reasonable amount of time, definitely would recommend.

Terry Bartholomew

Cody and the crew are true professionals. They worked quickly, safely and efficiently and left my property in great shape. This is the second time I used their services and plan to call back in the spring for more. I'm very happy to rate them with five stars.

### TERMS AND CONDITIONS OF CONTRACT

**Performance:** Work crews may arrive at the job site unannounced unless otherwise noted herein. Contractor shall attempt to meet all performance dates, but shall not be liable for damages due to delays from inclement weather or ANY other causes beyond our control.

**Workmanship:** All work will be performed professionally by experienced personnel outfitted with the appropriate tools and equipment to complete the job properly. Unless otherwise indicated herein, Contractor will remove wood, brush, and debris incidental to the work to a reasonable standard. Tree work by nature requires heavy equipment that can and will cause incidental damages to the job site. The Contractor will make every effort to repair any damages done by equipment but will not be held liable for any damages requiring repair from outside sources. Customer assumes full responsibility for damages to any walkways, driveways, yards or the like.

**Insurance:** Contractor and any subcontractors are insured for \$1 million in General Liability resulting from injury to persons or property. Anything not covered by the policy will be the responsibility of the customer. The customer agrees to waive ANY indemnification or deferred liability, against or toward the Contractor, in excess of the Contractor's policy.

**Ownership:** The customer warrants that all trees, plant material and property upon which work is to be performed are either owned by him/her or that permission for the work has been obtained from the owner. Contractor is to be held harmless from all claims for damages resulting from the customer's failure to obtain such permission.

**Scheduling/Cancellation Fee:** Contractor kindly requests that the authorizing party provide at least 24 hours advance notice of any full or partial work cancellation for jobs that have been scheduled in advance. If a crew has been dispatched to the job site for scheduled work, and the customer cancels the job, the customer may be assessed a mobilization fee of at least \$200 (up to incurred damages) for incurred expenses.

**Safety:** Contractor warrants that all operations will follow the latest version of the ANSI Z133.1 industry safety standards. The authorizing party agrees to not enter the work area during arboricultural operations unless authorized by the crew leader on-site.

**Pet Waste:** Pet waste is extremely hazardous to the health of our crews. Pet waste can carry diseases such as salmonella, E. coli, and other infections. Pet waste is VERY TOXIC and extremely disgusting. We have a ZERO TOLERANCE policy for pet waste. If pet waste is present in the work area when the crew arrives, the crew will not perform any work. They will leave and you will forfeit your 25% deposit. No exceptions.

**Tree Decline or Failure:** Contractor will make the customer aware of any problems found with trees while on property. It is impossible to know or identify all problems and predict all failures. We will give our best opinion of structural stability and tree health based on visual inspection. Customer acknowledges the contractor is not to be held responsible for any decline in tree health or failure of trees or damage caused by failure of any or all trees once crews leave the site. It shall be expressly known by the customer to ensure that all tasks were performed to standard and are acceptable BEFORE crews depart.

Rates and Settlements: Due to the highly volatile nature of the industry, it shall be expressly known that all rates and settlements are based on contract rates. At no time, for any reason, shall rates be considered pro-rated except at the sole discretion of the Contractor. Services may be rendered under less than ideal circumstances in which case, it shall be expected to reach a mutual understanding as to fair and just reimbursement. Although the contractor may offer additional services upon completion of initial services, this shall by no means obligate the contractor to any additional terms.

Terms of Payment: A standard and customary, 25% NON REFUNDABLE deposit is required to commence work. Any deposits made on work that has not started by the performance date may be subject to refund. Due to volatility in conditions or for any other unforeseen reason, projects that have begun and are still making progress after the performance date will still be subject to full payment upon completion. All accounts are net payable due upon receipt of the invoice. A service charge of 5% will be added monthly to accounts not fully paid 30 days subsequent to the invoice date. Customer is responsible for all costs associated with the collection, including, but not limited to, attorney fees and court costs.

Quote is valid for 7 days
